

readDiscoveryInfo

```
graph LR; A[readDiscoveryInfo] --> B[readSharedMemoryData]
```

A flow diagram consisting of two rectangular boxes connected by a blue arrow. The first box on the left is gray and contains the text 'readDiscoveryInfo'. A blue arrow points from this box to a second box on the right, which is white and contains the text 'readSharedMemoryData'. Both boxes have a thin black border.

readSharedMemoryData
